

FAQ'S

What type of accommodation can I choose from?

Elysia Wellness Retreat offers one, two or three-bedroom private suites with your room dependent on how many guests you are traveling with. All include a spacious lounge area and balcony overlooking the Hunter Valley.

Within each bedroom you can choose from 1x king bed or 2x single beds. All rooms have a private ensuite including bath.

What type of meals do you serve?

Our meal plan is vegetarian based, organic where possible and does include fish and chicken on occasions.

We include breakfast, morning tea, lunch, afternoon tea and dinner.

At Elysia Wellness Retreat, you will be eating sensibly portioned, nutritious wholefoods at well-spaced mealtimes. Mindful eating is encouraged to help you appreciate what you have, to slow down and to be more in the moment.

Time at the retreat gives your body a rest from red meat, alcohol, caffeine, sugar and saturated fat.

Do you cater to dietary requirements?

If you have any dietary requirements or allergies, please advise us at the time of booking so we can work with you to create an exceptional experience. Most dietary requirements can be easily catered for ie. gluten free, dairy free, vegetarian, vegan, nut intolerance/allergy.

Dietary requirements that require our kitchen team to make changes to our set menu may incur an extra charge. Should you require dietary requests outside of the above we suggest a phone call with our chef prior to arrival as surcharges may apply.

What is the difference between your programs?

At Elysia Wellness Retreat we offer three check in days being Wednesday for our 4 night program, Friday for our 2 night weekend program and Sunday for our 7, 5 and 3-night programs.

All of the above programs include private accommodation, meals, group activities, use of the facilities.

In addition to the above, guests who arrive on Sunday or Wednesday will have a personalised welcome consultation, access to a wide range of wellness treatments with some of Australia's most skilled practitioners and a daily educational seminar.

Why do I need to arrive on a certain day?

Being a Wellness Retreat we are a little bit different to a standard hotel in that we have structured programs for you that commence on a certain day of the week.

Your first day on the program provides an orientation to our retreat, which will really set out how you can make the most of your experience.

We feel that by coming in on these set days along with all the other guests really sets off the true Elysia Wellness Retreat experience. Since having changed to set commencement dates we have found that our guests are definitely benefiting from a structured welcome process (welcome consultations on arrival (Sundays and Wednesdays) and the introductory information session which targets how to get the most out of the program) along with going home feeling much more well rested, relaxed and rejuvenated.

All guests then go through the whole process together and the support network that's built from this is truly the point that sets the success of our program apart from any other Wellness Retreat. We are very proud of this and know from past guest experience (for over 10 years now) that our set arrival days work very well.

Will I experience detoxing?

Elysia Wellness Retreat does not have smoking, caffeine or alcohol on site and do not allow our guests to bring these on-site. Your stay is a perfect time to give your body a rest from these substances.

We strongly recommend you reduce or cease the consumption of these in at least the week leading up to your arrival. This will reduce your detoxification symptoms and it is our experience that your stay with us will be much more rewarding if you are able to remove these substances from your diet prior to arrival.
